STORY

Cierra is my 8 year-old golden. She is truly the love of my life. Three years ago, my son's golden died of cancer. At that time, I happened upon an ad on Craigslist for a golden. After speaking with the owner and meeting the dog, we knew she was PERFECT for us. I thought she would be the best dog for our son and his family. After about 24 hrs with "my girl," I knew she was really mine. I totally fell in love and could never part with her. My son was on his own! Five days later, I woke up and heard what sounded like Cierra playing with a squeaky toy, but she was having PUPPIES! Nine to be exact, seven solid black and two golden. Honestly, it was one of the happiest times of my life! We loved on those puppies for 8 weeks. What joy Cierra had brought to us! All of the puppies were placed in excellent homes. Every March we have a birthday party for the puppies and their mom. Cierra is now a canine good citizen, as well as therapy trained. Cierra is a blessing to us and to nine other lucky families.

Marley steals the hearts of everyone she meets and impresses people with her athleticism, intelligence, and Border Collie work ethic. Marley and her family are thrilled that one of Marley's jobs in 2017 is to help raise money for such a great organization as RCHS!

Andy and Jeff are brothers who were adopted together as kittens fourteen years ago and have been my best friends and constant companions ever since. Although they were adorable kittens, they have only gotten better with age and I know our best years together are yet to come!

Marchion, rescued from a city in Orange County, is an exceptional tortoiseshell cat who came to the Canine Sanctuary in May 2012. She has been adopted as she is such a social girl who can get along with any variety of cats she has met. She was a greeter at the door of the home until her adoption to her forever home in July 2012.

Whiskers was rescued from a senior citizen who passed away leaving six cats behind. All six cats were sent to different rescue groups and shelters and Whiskers came to the Canine Sanctuary. From the beginning, he adjusted beautifully to his surroundings, not particularly so he was living in a kennel. He enjoyed all the different felines living in the office and soon became part of that pack, playing with young kittens and older cats. He was adopted to his forever home just two months after his arrival to the Canine family in Albany, New York.

Shadow, now known as Sheldon at nine months old and already 75lbs, Shadow, a typical happy golden retriever had already lost at least two homes. Three more adoptions failed for this young praiseworthy dog despite the fact they were all experienced golden retriever families. A daily exercise program and training schedule were set up for Shadow after the loss of his fifth home and we began to see a good change in him. In June of 2011, Todd Best of Hidden Charm Farm saw Shadow's plight in a story in the local newspaper and felt he could provide the home that Shadow was greatly in need of. True to his word, one year later Canine Sanctuary volunteers and CS photographer Toni Lund visited Shadow, now Sheldon in his home. Past guard dog and past office greeter of the home farm, Sheldon has become the true golden retriever we knew he could be. A firm but his kids, he behaves. Todd everywhere and "assistant" in chores from feeding the goats to feeding and turning out the horses.
